

# Early Bird Event

Steps to  
Inclusion

A pathway to Equality

SCI-FUN will be opening its doors early on the Sunday morning of Dunbar SciFest, to allow children with Autism Spectrum Condition and their carers to experience the interactive exhibits in relative peace. There are lots of visual and tactile science displays to learn from in a fun way. The SCI-FUN team will be there, and some volunteers from Steps to Inclusion for specialised assistance. Steps to Inclusion have also put together a Visual Story to help prepare the children for their visit.

**Sunday 23rd March 2014**  
**9-10am The Main Halls Free Event**
